... replies to your questions ...

- 1) "Come into being" in my mind refers to the moment of creation. You do not specify diamond rough vs. finished.
- 2) "Canadian diamond" refers to a diamond mined and cut and polished in Canada.
- 3) These should also be the consumers' expectations.
- 4) The practice in the industry seems to vary according to sales technique.

I always stress that Canadians are employed by  
this industry.
